A WAIL FROM MANILLA

General Augusti Outlines His Predicament.

SITUATION IS STILL GRAVE.

Rebels Have the Dons Completely Surrounded.

SICKNESS INCREASES RAPIDLY.

Rains Are Inundating the Trenches and Desertions to the Insurgents Are Increasing to Such Proportions as to Cause Grave Fears.

Madrid, June 29.—The government has received the following dispatch from Captain General Augusti, dated from Manila, on June 23:

"The situation is still grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, as the rebels occupy the provinces, which are surrendering. Torrential rains are inundating the intrenchments, rendering the work of defense difficult.

"The numbers of sick among the troops are increasing, making the situation very distressing and causing increased desertions of the native soldiers.

"It is estimated that the insurgents number 30,000 armed with rifles, and 100,000 armed with swords, etc.

"Aguinaldo has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity.

"I have over 1,000 sick and 200 wounded. The citadel has been invaded by the suburban inhabitants who have abandoned their homes, owing to the barbarity of the rebels.

"These inhabitants constitute an embarrassment, aggravating the situation, in view of the bombardment, which, however, is not seriously apprehended for the moment.

"The governor of the Visayas and Mindanao islands cables that he has defeated the insurgents in an engagement during which Chief Arco, Aguinaldo's representative, was killed.

"He adds that tranquillity now prevails throughout these islands and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders.

"According to other advices the emissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search."

Captain General Augusti's family is still in the hands of the insurgents.

General Lena with 1,000 soldiers has surrendered. His soldiers, most of whom are natives, joined the insurgents.

A majority of the detachments in the island of Luzon have surrendered, owing to their lack of food, though some succeeded in escaping.

Numerous Spaniards, including the governors of Batanga, Laguna and Bulacan, have taken refuge at Cavite.

Manilla is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position of Manilla is untenable.

Small rebel craft navigate the bay, conveying prisoners to Cavite.

Not So Rainy as Usual.

Port Antonio, Jamaica, June 29.—Aside from the energetic attack of the Spaniards on the first American camp established in Cuba, nothing has astonished the inhabitants of Camp McCalla, and, indeed, the squadron generally, so much as the present long dry interval in the midst of what was supposed to be Cuba's rainy season. May was ushered in with rains on the north coast, and when the troops reached the south side there were a few rain gusts, but no rains, and since the marines have landed at Camp McCalla, there has been but one brief shower and no more. The Cuban auxiliaries prophesy no more rain till Aug. 1 ushers in the hurricane season.

St. Petersburg, June 29.—In view of the continued improvement of the military position of the United States the newspapers here are changing their tone of friendship for America and now speak with contemptuous pity of Spain, the reason being, it is alleged, the growing fear of a possible Anglo-American alliance. The Russian press, however, does not think such an alliance very possible and predicts that the victory of the United States over Spain will lead the former into a colonial policy which will eventually result in a conflict with Great Britain.

The Order Revoked.

Chickamauga National Military Park, Ga., June 29.—The order issued Sunday to immediately equip and prepare 15 regiments of the First corps to form an expeditionary force was revoked by Major General Brooke Tuesday.

Their Relations Strained.

Madrid, June 29.—Owing to the inactivity of General Maximo Gomez it is believed here that his relations with General Calixto Garcia are strained.

About Watson's Departure.

Washington, June 29.—It is said at the navy department that it is the present intention to start Commodore Watson's eastern squadron from Santiago. This, however, is subject to Admiral Sampson's report upon the condition of the vessels selected and their needs in the matter of supplies and equipment for the long voyage ahead of them. If they need no more than can be supplied from Sampson's fleet they will start according to orders from Santiago, but if further supplies and equipment are needed, or if the vessels must be cleaned first then probably they will be sent north to Hampton Roads.

GENERAL SHAFTER

Goes to the Front to Consult With General Wheeler.

Juragua, Cuba, June 29.—Major General Shafter, in command of the United States army of invasion, arrived here on board the transport Segura from Baiquiri, with Colonel John Jacob Astor, Captain Stewart Brice and Lieutenants Milley and Noble and his staff.

He was met by General Bates, who was superintending the landing of commissary supplies in the surf.

General Shafter, in full uniform and wearing a straw helmet, was soon mounted on a handsome horse and rode through the town, surveying the scene of the landing operations and the camps of the troops.

He halted for a moment before the cottage, which serves as the headquarters of the Cuban insurgents, and where Generals Garcia and Castillo paid their respects to the American commander.

About an hour later, General Shafter struck on the road to the front in order to consult with General Wheeler and the division commanders and look over the field of operations before Santiago.

THE BLOCKADING FLEET.

Long Line of Earthworks Noticed to the East of Havana.

Key West, June 29.—For the first time in four weeks a newspaper dispatch boat visited the blockading fleet off Havana.

The conditions were found to be as peaceful as the waters of the gulf stream were turbulent. Since the good practice by the Spanish gunners against the Montgomery the other day, the particulars of which were cabled at the time, nothing occurred to break the monotony of this peaceful blockade.

To the east a long line of earthworks not seen before by newspaper men crowned the hill, and advices from Havana say work on these and similar fortifications to the westward is being pushed daily.

Can Give Advice.

Washington, June 29.—Two men who are recognized by the military authorities as having complete information of the ground around Baiquiri, Juragua, Santiago and the entire field of present war operations, have been at the war department. They are George Pfeiffer, an engineer of the Spanish-American Iron company, whose headquarters are at Baiquiri, and C. H. Zeigenfuss, general manager of the Juragua Iron company. They will be asked to join General Shafter's staff to assist in the advance of our army. They have been conferring with Brigadier General Stone on General Miles' staff, on the best means of getting troops, light and heavy artillery and stores westward from General Shafter's present base.

Extra Pay Cut Off.

Washington, June 29.—According to a decision of the comptroller of the treasury extra duty pay of all soldiers is cut off in war time, no matter where they may be employed. The act of congress of April 26, 1898, provides for an increase in the pay proper of all enlisted men in time of hostilities. The comptroller also holds that the act of May 4 last, making an appropriation for extra duty pay for certain enlisted men in the quartermaster's department does not authorize their pay for extra duty in war times.

McKay's Claim Allowed.

Washington, June 29.—The department of state has received word that the award of the referee, Civil Engineer Noble of Chicago, in the claim of Nathaniel McKay, an American citizen, against the government of San Domingo for compensation for a bridge constructed by him over the Ozama river in San Domingo, which bridge was appropriated by the local govern-

ment, fixes the amount of money to be paid Mr. McKay at \$74,411, with interest at 6 per cent, since Dec. 20, 1895.

Orders From Miles.

Washington, June 29.—General Miles has issued an order directing commanders of volunteer regiments to report promptly the appointments of adjutants and quartermasters. Such appointments which are to be made by the commanders, are not to be antedated and the officers appointed will be appointed to the pay pertaining thereto from the date they assume their duties.

Wyoming's Soldiers.

San Francisco, June 29.—A battery of light artillery, composed of 125 men under Captain Palmer of Cheyenne, has arrived here. Governor Richards makes the statement that 10 per cent of the population of Wyoming of military age is now in the army. Wyoming has furnished three times the number of men required under her quota.

Private Drowned.

Washington, June 29.—Edward Dearth, a private in company B, Sixth Illinois volunteers, was drowned while bathing in the Potomac river about one and one-half miles above Cabin John bridge.

To Preserve Neutrality.

London, June 29.—The first lord of the treasury and government leader, A. J. Balfour, replying in the house of commons to a question of James Henry Dalsell, Liberal member for the district of Kirkcaldy, said her majesty's government was not aware that Spain had arranged with an English firm to re-equip Admiral Camara's squadron at Port Said. Every precaution, Mr. Balfour added, would be taken to preserve neutrality by the Egyptian government in Egyptian ports, as by the British government at British ports.

THE OFFICIAL LIST

Of Uncle Sam's Brave Boys Who Fell in Battle Recently.

Washington, June 29.—Adjutant General Corbin received from Major General Shafter of the Cuban army of invasion a cablegram containing the official list of Americans killed in the battle of La Quasina, as follows:

First cavalry—Private Otto Krupp, troop B; Corporal Alexander Lienoe and Privates Emil Bjork, Jack Berlin, Peter H. Dix, Gustav Colbe and Jesse K. Stark, troop K.

Tenth cavalry—Corporal William L. White, troop E.

First United States volunteer cavalry—Corporal George Toherty and Private E. Leggett, troop A; Sergeant Marcus B. Russell and Private Harry Peafone, troop G; Captain A. K. Capron, Sergeant Hamilton Fish and Private Tilden W. Dawson, troop L; Private William J. Irvine, troop F.

Numbers engaged were: First cavalry, 244; Tenth cavalry, 220; First volunteer cavalry, 500; total, 964.

Report Is Untrue.

London, June 29.—The reports coming from America that the United States has requested Great Britain to enforce the neutrality laws by forbidding Admiral Camara's squadron to coal at Port Said are unfounded. The United States ambassador, Colonel John Hay, has received no instructions on the subject, and it is believed in government circles here that the United States is not anxious to have Admiral Camara delayed.

To Watch For Spies.

Sault Ste. Marie, Mich., June 29.—Three companies of the Eighteenth Pennsylvania volunteers arrived at Fort Brady. They have been sent here to watch for Spanish spies at the big locks that connect the waters of Lake Superior with those of Lakes Michigan and Huron. The three companies are under command of Major John C. Kay, and his orders require him to keep a strong guard about the locks night and day.

Suspected of Being a Spy.

New York, June 29.—Jesus Ascevedo, a Porto Rican who arrived here on the steamer Pretoria from St. Thomas, was arrested on suspicion of being a Spanish spy. The information leading to his arrest was furnished to the secret service officers by United States Consul Van Horn at St. Thomas. Ascevedo will be kept a prisoner until his case can be thoroughly investigated.

Sailors For the Philadelphia.

Philadelphia, June 29.—One hundred and twenty-two sailors and machinists left here over the Pennsylvania railroad for San Francisco, where they will join the cruiser Philadelphia. They are in charge of Lieutenant Commander Thomas H. Stevens.

Vienna, June 29.—Dispatches from Lemberg, Austrian Galicia, announce that martial law has been proclaimed in the districts of Limanova and Neumbande, owing to the frequent cases of murder, robbery, and incendiarism, which have occurred there.

PARTING OF THE WAYS

General Shafter Is at the Fork In the Road.

ONE LEADS TO SANTIAGO.

The Other Leads to Morro Castle at Entrance of Harbor.

WIRE CUTTERS SENT FORWARD.

They Will Destroy the Barbed-Wire Fencing Which the Dons Have Placed About Themselves to Keep the Enemy From Them.

Washington, June 29.—It was very late in the day when the first dispatch within two days came to the war department from General Shafter, but the news was regarded as so good that there was no disposition to complain.

It disclosed a very satisfactory rate of progress on the part of General Shafter towards the town of Santiago itself and apparently he has gained all this ground, and has come within three miles of Santiago without suffering any losses since the bloody skirmish of Friday last.

As near as can be gathered from the brief dispatch the American army is now at the fork in the road, one branch of which leads to Santiago and the other to Morro castle at the entrance to the harbor. General Shafter is thus free to move in either direction according to the demands of the campaign.

With the 1,300 men who reinforced him Monday on the Yale and the additional brigade that is nearing him, it may be possible to make even more rapid progress in the advance upon Santiago, as these men can be relied upon to relieve the main body of troops from the necessity of keeping up the line of communication between Shafter and his base at Baiquiri.

Meanwhile further reinforcements are being prepared and dispatched as rapidly as the best energies of the department can direct and it is believed that several thousand men sailed from Tampa Tuesday directly for Santiago.

The department has had in mind the difficulties of the campaign that are just developing to the public eye, such as the use for the first time in civilized warfare of barbed wire fencing as a means of defense, and acting upon the advice of some of our army officers who were in Cuba while the fighting was confined to the Spaniards and the insurgents, a certain number of men in each regiment have been provided with wire cutters and charged with the duty of cutting down the fences so as to permit the advance of the troops.

It probably will be necessary to shell out the force defending these wire chevaux de frise before they can be cut unless the men in charge of that duty are to be unduly exposed to danger. This will involve a larger use of field artillery than would be required in ordinary warfare.

The officials here have been forehanded as to these details and in fact have provided for the use of barbed wire by our own forces, having sent about 150 tons of this wire with General Merritt's expedition.

The lines are being tightened around Cuba and it will soon be impossible for even small quantities of food or war supplies to reach the Spaniards there.

The proclamation issued Tuesday extending the blockade to the south coast and to San Juan, it is believed, will accomplish this result.

On the south coast the Isle of Pines will be cut off as a transfer depot for cattle and food supplies coming from Jamaica and Central America.

By closing San Juan harbor the Spaniards will lose the last chance of smuggling war supplies to Cuba and the future operations of the army and navy looking to the occupation of the island of Porto Rico will be materially advanced by the establishment of a successful blockade.

There was no further word from the Cadiz fleet, though it is still known to be lying at Port Said under pretext of repairing one of the torpedo boat destroyers.

The delay on the part of the Spanish fleet has not stopped the preparations for the sending of the eastern squadron under Commodore Watson to the Spanish shores.

The commodore is hastening with all speed southward on the Newark to join and confer with Sampson off Santiago. It has been known to our government for some time past that the Span-

ish government was trying to obtain possession of the splendid modern armored cruiser O'Higgins.

Our agents, however, have watched these negotiations carefully and our government has been finally satisfied that they have failed.

It is needless to say that the result was agreeably received here, as the gravest complications might have resulted from the sale of a warship, by a neutral power, to Spain.

WAR IS JUSTIFIED.

Epworth League Convention Takes a Very Patriotic Stand.

Wheeling, June 29.—The third day of the Epworth league convention of the Fourth general conference district was the most enjoyable of all and included a side trip to Moundsville and its camp grounds, participated in by 1,000 of the visitors.

At the morning session, resolutions were adopted expressing the belief that the present war with Spain is justified in the interest of liberty and humanity; pledging to the country loyal service until the stars and stripes float over every island now enslaved by Spanish misrule and oppression; commending highly the courage and bravery of Admiral Dewey and Lieutenant Hobson and rejoicing that in the midst of the trials and anxieties caused by war, there is at the helm of the ship of state William McKinley, a man of great strength of character and religious integrity, who commands our highest regard and unlimited confidence and to whom we pledge our faith, our service and our lives in defense of our country and our sacred honor.

NOT KILLED.

African Savages Did Not Massacre the Wilberforce Family.

Huntington, Ind., June 29.—A cablegram has been received from Sierra Leone, West Africa, by Dr. D. K. Flickinger, secretary of the United Brethren Missionary society here, stating that D. F. Wilberforce, wife and four children are now safe at Bonthe, on the west coast of Africa.

In the recent press reports Wilberforce, who is a native, and family were included in the list of killed during the recent massacre, but owing to the prominence of Wilberforce, not only as superintendent of missions, but also as arbitrator of the tribes, he and his family were held for ransom, and the missionary society has paid £113 for them.

Wilberforce was educated at Dayton, O., when a lad by Dr. Flickinger for missionary work. Wilberforce also attended a medical college at Cleveland, O., and has lectured on Africa in Columbus, O., and many other places.

A Young Student Missing.

Lafayette, Ind., June 29.—Richard Bailey, whose father lives at Aroma, this state, and who, during the last term was a student at Purdue, has disappeared. It has just been made known that his relatives and the faculty of the university have been searching for him the last few days, it having developed that when he left here in May he did not return home or go to relatives in other parts of the state. The fact that he was in poor health precludes the possibility of his having enlisted in the war.

More Reinforcements For Shafter.

Washington, June 29.—Orders have been issued for the immediate sailing of another large expedition to reinforce General Shafter. The soldiers will sail from Tampa and will include about 9,000 men. It is understood they will be taken from General Snyder's Second division of the Fourth army corps. Eight transports will carry the expedition, which will first go to Key West, where they will be joined by a strong naval convoy and proceed to Santiago.

Found Dead In the Woods.

Knightstown, Ind., June 29.—Coroner O. O. Graf was called to Greensboro to hold an inquest over the body of young Horace Newby, who was found dead in the woods 50 rods from his home. His death, it is supposed, was caused by heart failure and the coroner's jury will render a verdict to that effect.

Mistaken For a Polecat.

Connersville, Ind., June 29.—John Brown of Falmouth while hunting squirrels sat down to rest and he was fired upon by Wilbur Pipur, who caught sight of his head in the underbrush and thought he was shooting at a polecat. Brown was badly wounded in the head and neck, 26 shot taking effect.

Likened to Rainbow Gold.

Crawfordsville, Ind., June 29.—Bud Runyan, who left Crawfordsville for the Klondike immediately on the announcement of the discovery of gold there, has returned to his home. He says that the gold of Klondike is like the gold that lies at the rainbow's end. It exists largely in the imagination.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
 Proprietors.
 WEDNESDAY, JUNE 29, 1898.

For Kentucky, fair weather; warmer; southerly winds.

It has been almost two months since Commodore Dewey won his great victory in Manila bay, and he is still waiting for the reinforcements which he requested. They'll get there, however, by and by.

THE WHEAT CROP.

Farmers May Combine and Hold it For a Better Price—Want \$1 a Bushel.

[Harrodsburg Sayings.]

Lexington people say 75 and 80 cents per bushel was being offered in advance by the dealers for new wheat on Monday. The farmers considered this a good indication that the price will be high, and they refused to listen to anything less than a dollar straight. But the hard lines in which Leiter and his compeers at Chicago are said to be in, may cause a considerable take off in the price.

There is considerable of an organization being formed among the farmers for the purpose of holding their wheat by pooling it and borrowing money on it. The easiness of the money market, they claim, makes the plan quite feasible, and it is quite probable that some concerted steps in this direction will be taken soon.

SCRAMBLE FOR OFFICE.

The New Prison Commission Will Shut Out All Members of the Legislature.

FRANKFORT, KY., June 27.—The members of the Legislature who have been expecting offices under the new Prison Commission were given a sensation to-night when word was quietly passed around that on account of the legal and constitutional complications that would arise no member of the Legislature would be elected to any place by the new commission. It had been regarded as a cinch since last winter that Representative South Trimble would be Warden of the Frankfort Penitentiary, as all the Commissioners were pledged to him, but it is announced to-night that Hon. Eph Lillard, of Jessamine County, an ex-member of the Legislature, will get the place, and that Henry F. Smith, of Bowling Green, will be Warden at Eddyville, instead of Senator Elmore or Senator Ferguson, one of whom was regarded as a sure winner. If this "no Legislator need apply" rule be adopted it will eliminate Representative George Bishop from the Deputy Warden's place, and Representative J. R. Mount, of Oldham, from the Clerk's place.

Commissioners George, Richardson and Finnell are here to-night holding a conference as to when and what manner the invoice of the property and stock on hand in the two penitentiaries shall be taken. The Commissioners have not officially announced that no Legislator will be given an office, and have fixed no time for the election of officers to the various places, but the election will probably take place this week. Senators Carter, Sims, Voires and Alexander and Representatives Bradburn, Melon, Wilson, Mount, Thompson and North are here to urge the election of friends to some of the places.

Ex-Senator Dave May, of Hardin County, is here, and his friends say he has a splendid chance to beat both Trimble and Lillard for Warden of the Frankfort prison. The new anti-legislator rule has smashed all slates, and everybody is at seas as to the winners, but the following seems to be the best information: Frankfort prison, Warden, Eph Lillard; Deputy Warden, Ed. McGrath; Clerk, G. H. Stone; Physician, Dr. Bolling or Dr. Tobin, both of Frankfort; Chaplain, Rev. W. C. Cooper. Eddyville prison, Warden, Henry Smith; Deputy Warden, George Catlett; Clerk, W. M. Lyons.

DeKALB Lodge No. 12, I. O. O. F., last night elected the following officers for the ensuing six months:

N. G.—M. F. Marsh.
 V. G.—J. Barbour Russell.
 Secretary—John W. Thompson.
 Treasurer—Wm. H. Cox.
 Host—John W. Thompson.

Messrs. Allan D. Cole, John Duley and Henry W. Ray were appointed Finance Committee.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

FOR CAMP HOBSON,

The Brave Soldier Boys Took Their Departure This Morning.

Given a Rousing Send-Off—List of the Recruits—Popular Subscription To Buy a Flag.

Lieutenants Cochran and Willis and the rest of the recruits from Mason and Bracken counties left this morning on the 5:30 C. and O. train for Camp Hobson, at Lexington.

When it was learned Tuesday that they might be kept here until Saturday, Lieutenant Cochran wired Governor Bradley asking him for immediate orders to report at Lexington if the arrangements could possibly be made. The Governor answered that he had requested the mustering officer at Camp Hobson to order them to report just as soon as possible, and late in the afternoon Mr. Cochran received orders to leave Maysville on the 5:30 train this morning.

And what a rousing send-off was given the gallant boys who have volunteered to help fight their country's battles in the grand cause in which she is now engaged, for liberty and humanity! The grounds at the depot were packed with people and amid the cheers of the crowd, the blowing of whistles, the ringing of bells and the beating of drums the train moved away.

The recruits had a special coach, and went by way of Covington.

The following is a complete list of those who left:

ROYAL BAKING POWDER CO., NEW YORK.

Henry Shepard, Maysville.
 William Setters, Maysville.
 Charles Jones, Maysville.
 Clarence Clark, Brooksville.

Dr. C. C. Owens was the examining surgeon at this point.

Maysville should now do the handsome thing by presenting the company with a fine flag. To this end, a popular subscription is suggested so that everybody who wishes to do so may be able to contribute his or her mite to the fund. In order to make it as popular as possible it is suggested that no one be allowed to contribute more than 25 cents. It is thought the necessary funds can soon be secured, and then a committee can be appointed to purchase the flag. The BULLETIN will receive and acknowledge subscriptions. Hand in your quarters.

The following start the list with 25 cents each: George S. Rosser, M. J. McCarthy, M. F. Marsh, John J. Altmeyer, Leon Squires, Joseph Kirwin, Walter Frederick Dinger.

As heretofore announced County Clerk George A. Corum, of Greenup, has been selected as Captain of the Mason-Greenup company of volunteers that will compose a part of the Fourth Regiment. The Portsmouth Blade has the following in reference to him: "Captain Corum, who will command the company, is well known to every man, woman and child in Greenup County. He and his father have held the office of County Clerk from the time the memory of man runneth not to the contrary. When his father grew aged and the cares of the office bore too heavily on his shoulders, the people of the county put George in to succeed the old gentleman and he has held the office since. Last fall he was elected for another term of four years and his going to the front will call for an election of a Clerk this fall. Captain Corum is a veteran of the late war, having entered a company when only seventeen years of age. He was out during the war and has a fine record in the ranks."

Among the Greenup recruits is Frank M. Griffin, formerly editor of the Eastern Kentucky Democrat.

BANK CHECKS.

They Must be Stamped Under the New Revenue Law, and the Drawer Must Do the Stamping.

Under the new revenue law a 2 cent stamp must be put on every check drawn on a bank, and no one is allowed to affix the stamp except the person who draws the check.

The law is as follows, and it is so plain that no one ought to misunderstand it:

That if any person or persons shall make, sign or issue, or cause to be made, signed or issued, any instrument, document or paper of any kind or description whatsoever, without the same being duly stamped for denoting the tax thereby imposed thereon, or without having thereon an adhesive stamp to denote said tax, such person or persons shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not more than \$100 at the discretion of the court, and such instrument, document or paper as aforesaid shall not be competent evidence in any court.

It is, therefore, necessary for every check to have a stamp placed on it before it is presented for payment, and no one is authorized to do this except the man who writes it. A merchant out in the State who pays for a bill of goods or makes a settlement by check is the one who must, under the law, put the stamp on the check.

The BULLETIN is authorized to state that the banks of Maysville will comply strictly with the above law.

River News.

Stanley down to-night and Bonanza up for Pomeroy.

The Keystone State is due down this evening, but she had some trouble from the low water on the up trip and may be late.

In a few weeks the improvements on the Kanawha river will be finished, which will give this river one of the finest slackwater systems in the world. Nine movable dams have been placed in it, which makes the river navigable from its mouth at Point Pleasant to the falls at the headwaters. The work has been going on for a number of years.

BRAINS TELL

Behind Guns as Well as Elsewhere—A New York Preacher on the Present War.

New York, June 27.—In a sermon last night in the Calvary Baptist Church the Rev. Robert McArthur talked at length on the opposition to annexing more property to the United States.

"I am of the opinion," said the preacher, "that the day of universal arbitration is coming. One way is to be prepared for war. We need intelligent men. Brains behind guns tell. We will need a large army and navy. Dewey's victory at Manila must stir the heart of every American. He was 'adventurous to a point that is almost audacious. We must sanctify audacity. We have lived more in the past sixty days than under ordinary conditions in sixty years. I have no fears for the American people. We have ability, courage, heroism and enthusiasm.

"As yet we have not folded up the Spanish flag nor have we bundled off their soldiers in the Philippines, Porto Rico and Cuba, but we will do it in due time."

The Bee Hive

Wonderful Bargains in Summer Fabrics.

In order to make room on our overcrowded shelves, we have reduced all that is left of our great stock of French and Egyptian tissues—Satin and Silk Striped Gingham to 29c. and 19c. a yard. These are all goods that have sold from 49c. to 69c. a yard, every piece being of this season's purchase, of very choicest designs and superior quality. There's a limit to the quantity, of course, but you can have your choice of 'em as long as they last at the ridiculously low price of 29c. and 19c. a yard.

Underpriced Underwear.

We purchase Underwear in huge quantities direct from the mills, hence we save you the jobber's profit that is included in the ordinary retailer's selling price. We show exceptional values in Ladies' Ribbed Vests at 5c. and 10c. Extra sizes 15c. Great bargains in infant's Lisle Vests at 10c. A great Leader is a Man's Balbriggan Suit, all sizes, at 38c. the Suit.

Homespun For Waists.

This is a high grade of Linen Crash, especially adapted for Ladies' waists and Boys' Suits. Great values at 15c., 18c. and 25c. a yard. We also have an immense line of Dress Crashes at 10c., 15c. and 18c. a yard. All of them big values at little prices.

Miscellaneous Mentionings.

We've no need nor space to say much about our Ladies' Linen Collars at 10c. Up-to-date Military Belts 25c. Leather Belts 10c. to 50c. Belt and Skirt Supporters in Leather or plated, 5c. and 10c. Extra long Pique and Puff Ties, 25c. Silk String Ties, 10c. each, three for 25c. A box of Face Powder and bottle of Perfume Combined, 5c. a box. Buttermilk Soap, three cakes, 10c. a box.

ORDERED TO CUBA.

Major Hutchins Receives Instructions to Report to General Shafter.

Judge M. C. Hutchins, recently appointed Chief Quartermaster with rank of Major, received orders from the War Department Tuesday evening to report to General Shafter, who is now in command of the army in front of Santiago de Cuba.

Major Hutchins will leave to-morrow for his post of duty, and may take with him Messrs. Robert Ficklin and J. Banks Durrett as aides.

Electric Park.

There may be warm shows in town, but the show at this popular amusement place is the "warmest in the bunch." There was no packed house last night, but there were a "few" out, that is about 400. The performance was delightful as ever as was shown by the auditors' appreciation of the performers' work. That dainty little "bunch of sweetness" Baby Howard captivated the large audience with her singing and dancing. The German mirth makers, Billy and Carrie Howard, have made an emphatic hit, and established themselves as strong favorites. Seeker, Wilkes and 'Rastus are just as popular as ever and their act evoked several encores.

By all means go to the park this week and see the real show. Now to tell the truth, what is more delightful than a pleasant car ride, and then to top it off with a visit to the vaudeville theater, and for only 10 cents. Be sure and ask the conductor for a coupon ticket.

DESERVED PROMOTION.

Garrett B. Wall Appointed Real Estate Agent of the C. and O. Railroad.

Mr. Garrett B. Wall, late Chief Clerk of General Manager Stevens of the C. and O., has been promoted to the position of Real Estate Agent of said railway, and will have his office at Richmond, Va. He will have full charge of all of the real estate of this big corporation, and is the head of that department.

Mr. Wall is a Maysvillian, a son of Judge and Mrs. G. S. Wall, and his many friends will be glad to learn of his promotion.

THE Fairy Queen, on the occasion of her jubilee, will demand a tribute of 15 cents at the gate, the proceeds of which will be used for the benefit of the Central Presbyterian Church.

ON JULY FOURTH

One of the Most Thrilling Balloon Ascensions and Parachute Drops Ever Witnessed Will Be Made at Fair Grounds.

Those who attend the Fourth of July celebration at the fair grounds will witness one of the grandest balloon ascensions and parachute drops ever made.

The balloon measures ninety-five feet in height and fifty-two feet in diameter, and is made on the same pattern as those used by the U. S. army at the present time.

"Mlle." Maxine, who will ascend with this monster to the skies, is an experienced aeronaut, and knows not the meaning of the word fear. Her little dog "Pedro" will accompany her, and at an altitude of 1,000 feet will be dropped with a tiny parachute to terra-firma.

This is the largest balloon ever constructed for hot air.

The Biggest Hit of the Season

Are our Serge and Linen Crash Suits. New York swell tailors are making up more Black and Blue Serges and small Checked Worsteds this season than anything else, and as we are always in touch with the fashions, we are showing the most beautiful lines of these goods imaginable. Though these Suits are superior in every particular and are well worth \$18 to \$22, our policy of popular prices for first-class Clothing prompts us to sell these

Elegant Suits From \$8.50 to \$12.00..

Our trade in Men's and Boys' fine SHOES indicates that the majority of our people want good Footwear. We sell the very best makes only, and warrant every pair we sell.

STAMP TAX ON DEEDS.

Important Ruling of Federal Authorities as to Conveyances of Real Estate.

[Enquirer.]

A few days ago Revenue Collector Bettmann submitted to the department a question which, in consequence of the war measure, is of the greatest importance to attorneys. The following letter in answer thereto is self-explanatory:

WASHINGTON, D. C., July 25, 1898.
B. Bettmann, Esq., Collector First District, Cincinnati, Ohio—Sir: Your letter of the 22nd inst., relative to the stamp tax on deeds has been received. You state that the question has been raised as to the stamp, if any, required upon a deed when the consideration is recited as "one dollar and other considerations." You ask if the other considerations are to be valued: and, if so.

In reply you are informed that the stamp duty attaches and must be paid upon the actual consideration or value of the realty conveyed at the rate prescribed under the head of "Conveyance," on page fifteen of the new law. If the consideration named in the deed is nominal the stamp duty must be paid and stamps affixed according to the actual consideration or value placed upon the property by the parties, if the transaction is a bona fide purchase and sale. If the conveyance made is for a nominal sum, in addition to "love and affection," or other considerations of whatsoever nature, stamp tax must be paid upon actual value, under ordinary conditions, of the property transferred, the same to be determined by the grantor, whose willful evasion, concealment or misstatement by prevarication or subterfuge will subject him to the penalties provided in Section 7 of the new law. Respectfully,
W. B. SCOTT, Commissioner.

Fremont Park.

This favorite resort presented a magnificent sight last night with its large audience which consisted mostly of ladies and children who went to see a clean and up-to-date performance. And that is exactly what Manager Fremont is presenting to the public. The show this week is one of the best ever seen in this city. Headed by America's own comedy sketch team, George Teed and Allen Carie, it has captured the hearts of everyone. Baroness Lillian Von Tilse is a good singer, and rendered the patriotic song "The Emblem of the Free" with grand success. Master Frank Hall, Mlle. Maxine, the Kline children and George Edwards responded to encore after encore. The grand performance ends with the entire company in patriotic songs and "Old Glory."

SUCCESSFUL APPLICANTS.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c, a bottle at J. Jas. Wood's drug store.

WIDOWS' AND ORPHANS' HOME.

Kentucky Oddfellows Got a Big Bargain in the Property They Bought at Lexington.

The committee in charge of the business of establishing the I. O. O. F. Widows' and Orphans' Home is greatly pleased with the property selected by the sub-committee, at Lexington. The house is three stories high, with eighteen rooms and three large halls. The heating apparatus and water works are all of modern construction.

The place is situated on an elevated tableland, free from malarial influences. Back of the house is a beautiful blue-grass woodland, furnishing ample playgrounds for the children and also allowing plenty for farm purposes. The street cars pass the home and the streets and walks are made. Half of it is located in Lexington, so that the children will have access to the city schools, public library and State College, and it is at the same time removed from the bustle of the city.

Mr. McMichael, who died recently, conducted there a fine dairy farm and had a fine herd of registered Jersey cattle, which were included in the sale, and now yield a profit of more than \$75 per month.

The purchase price was \$21,000. Only a few years ago the owner refused \$50,000 for it.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does it. Germs go through the healthy body without effect. Let them once find lodgment or let them find a weak spot, they will develop by the million and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them insubstantial matter, and the man will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't a medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all the germs of disease, and replaces impurities with rich, red blood.
